
(a)
Predicted z (m)
Survey z (m; local zero)
1:1 reference
Linear fit
Cell density (log count)
(b)
25th–75th percentile
Median residual
Prediction − survey z (m)
Survey depth below local zero (m)
(c)
Predicted z (m)
Survey z (m; local zero)
1:1 reference
Linear fit
Cell density (log count)
(d)
25th–75th percentile
Median residual
Prediction − survey z (m)
Survey depth below local zero (m)
